

baby's days

Babysdays

The Two Mile Ash Pre-School uses an advanced EYFS childcare management software system call Babysdays.

This application supports the structure of children's learning, development and care to ensure that all the required areas of the EYFS are meet.

Our practitioners will complete developmental learning observations and assessments through the babysdays system and will share information with their key child's parents who can also access this password protected system to view their child's Observations, Next Steps, Photographs and private messages encouraging parents to participate in their children learning development and experience's during their time with the Two Mile Ash Pre-School.
